

Specification Sheet
60 GALLON CAFS UNIT UTV MOUNTING APPLICATIONS
 Compressed Air Foam

Performance

Pressure Vessel Capacity.....	0 Gallons
CAFS output	1" outlet – 20 GPM of Solution 1200 Gallons foam expansion
Discharge Range.....	75 Feet

General Specifications – Standard

Pressure Vessel Type.....	2:1 ASME Code Head – Elliptical
Pressure Vessel Diameter.....	24"
Fill Diameter.....	2 ½" Diameter
System Hoses.....	Single wire Hydraulic hoses
Plumbing.....	All Brass Fittings
Discharge Hose.....	1" x 75' Hose
Hose Storage.....	Hose Rack
Expellant Type.....	Nitrogen, Breathing Air, or Shop Air
Expellant Cylinder Capacity.....	2 -55 Cubic Feet Bottles
Regulator.....	3500 lb set to 200 lb with set screw and cap
Foam Compatibility.....	Class A – B
Skid.....	Aluminum skid w/ forklift capabilities

Dimensions

Depth	45 inches
Width	38 inches
Height	31 inches
